

The House.

WASHINGTON, March 16.—In the house Mr. Black (Dem., Ills.) asked unanimous consent to consider a bill to authorize the managers of the soldiers' home to employ medical officers other than soldiers disabled in the service, as the law now requires. Messrs. Stone of Pennsylvania and Cannon of Illinois ejected and the bill went over.

The bill to ratify the reservation of certain lands in Oklahoma for the agricultural college passed.

Consideration of the sundry civil bill was resumed. An amendment permitting the settlement of accounts with the United States supervisor of elections in New York for expenses in the special elections of last July was agreed to without debate.

The Senate.

WASHINGTON, March 16.—The last day of the debate on the Bland seigniorage bill attracted a large crowd to the senate and the galleries were well filled.

The first part of the day was taken by the transaction of some routine business and by the speeches of Senators Carey, Palmer, Dubois, Mitchell of Oregon, and Pettigrew, on the seigniorage bill.

After the speeches the vote was called and resulted in 44 to 31 in favor of the bill.

The pairs were: Camden for, with Gray against; Hill for, with Dixon against; Jones (Nev.) for, with Hoar against; Vance for, with Sherman against.

The senate then took up and passed with minor amendments the joint resolution providing for the adjustment of certain claims of the United States against the state of Tennessee and counter claims of the state of Tennessee against the United States.

The senate then adjourned until Monday.

Confirmations.

WASHINGTON, March 16.—The senate executive session confirmed the following nominations: Postmasters—Texas Dick Hopson at Shearman, W. Lancaster at Marshall, A. W. Kenney at Navasota.

TEXAS Manufacturers.

WASHINGTON, March 16.—The manufacturing statistics for the different states have been issued by the census bureau. The following is the report for Texas: Number of establishments 5268, aggregate capital \$46,815,181, total value of plants \$30,355,607. Divided as follows: Value of land \$8,495,546, value of buildings \$6,090,175, machinery, tools and instruments \$15,765,884, live assets \$16,363,574. These live assets include raw material, stock in process and finished products on hand, cash, bills and accounts, receivable and miscellaneous expenses \$1,94,940. The number of employees were 39,475, wages aggregate \$8,586,338.

McDUFFIE'S Successor.

WASHINGTON, March 16.—The selection of an interstate commerce commissioner to fill the existing vacancy is causing both the president and the politicians here a good deal of trouble. Pension Commissioner Lochren wants the place, and the president is rather inclined to give it to him. The work of the pension commissioner is very arduous, and there is very little thanks attached to it. The tenure of office of interstate commerce commissioner is longer than that of pension commissioner, and the chances of being continued in the service are greater.

The Green Flag Will Float.

NEW YORK, March 16.—The green flag of Ireland will after all wave over its Brooklyn city hall on St. Patrick's day, the board of aldermen having authorized it by a vote of 8 to 7. Three aldermen, Hess, Coleson and Cohen, would not put themselves upon record, refusing to vote, although their names were called repeatedly by the clerk. Mayor Scheeren is thus exonerated.

Haunted!

A haunted house in these practical and unromantic days is something of a rarity, but an individual haunted with the idea that his absent is a personage frequently seen. Disbelief in the ability of medicine to cure only a mild form of monomaniac, although in some cases repeated failures to obtain relief from many different sources could almost seem to justify the doubt. However, Dr. Sturz Bitters has demonstrated its ability to overcome dyspepsia, constipation, and kidney trouble, malaria, complaints and nervousness, and its recorded achievements in the curative line ought at least to warrant its trial by any one troubled with either of the above ailments, even although previous efforts to obtain remedial aid have been fruitless. Used with persistence, the Bitters will conquer the most obstinate
